## MISCELLANEOUS ITEMS.

Monday night, at Shelton Station, on the Union Pacific, an east-bound cattle train was derailed, owing to an obstruction placed on the track by some unknown party.

At Richmond, Va., the sensation of the hour is the production, by Democrats, of a letter said to have been written by Frank D. Blair, the Readjuster candidate for Attorney-General, severely denouncing negroes as untrustworthy.

It is most particularly recommended for Dyspepsia, Indigestion, Headache, Heartburn, Acidity of the Stomach, Habitual Constipation, Nausea, Sea-Sickness, Kidney and Liver Troubles, Over-indulgence either in eating or drinking, etc. As a purifier of the blood in all Scrofulous Diseases, it has equal effect. It removes all eruptions from the skin, and has a cooling and invigorating effect on the system. ## Rescued From Death

William J. Coughlin, of Somerville, Mass., says: In the fall of 1878 I was taken with a severe cold, followed by a severe cough, I lost my appetite and flesh, and was confined to my bed. In 1877 I was admitted to the Hospital. The doctors said I had a hole in my lung as big as a half dollar. At one time a report went around that I was dead. I gave up hope, but a friend told me of WILLIAM HALL'S BALSAM FOR THE LUNGS. I got a bottle, when to my surprise, I commenced to feel better, and to-day I feel better than for years past. I write this hoping every one afflicted with Diseased Lungs will take DR. WILLIAM HALL'S BALSAM, and be convinced that CONSUMPTION CAN BE CURED. I can positively say it has done more good than all the other medicines I have taken since my sickness.

## A Beautiful Science.

From the Norristown Herald. Astronomy is a beautiful science. We are told that if a railway was run from the earth to the nearest fixed star and the fare was one penny for every hundred miles, and if you were to take a mass of gold to the ticket office equal to the national debt—or \$3,800,000,000—I would not be sufficient to pay for a ticket to the nearest fixed star aforesaid.

If this be the case, it matters very little to us whether such a railway is ever constructed. It would be discouraging to go to the ticket office with a mass of gold equal to \$3,800,000,000 and be informed that the fare was \$5,678,032,000. If the ticket agent wouldn't trust until we got back we'd be compelled to forego the trip.

Slaves' Cherry Tooth Paste. An aromatic combination for preservation of the Teeth and Gums. It is far superior to any preparation of its kind in the market. In large handsome Opa pots, price 50 cents. For sale by Osburn & Shoemaker.

Is It Possible That a remedy of such common, simple plants as Hops, Buchu, Mandrake, Dandelion, etc., makes so many such marvelous and wonderful cures as Hop Bitters do? It must be, for when old and young, rich and poor, Pastor and Doctor, Lawyer and Editor, all testify to having been cured by them, we must believe and doubt no longer. See other columns.

COUNTY CLERK'S OFFICE,  
WASHOE COUNTY, NEV.

Reno, September 12, 1881.

NOTICE IS HEREBY GIVEN, THAT the County Assessor of Washoe County, Nevada, has completed the Tax List of Assessment Roll, and has duly attached his certificate thereto, and delivered it and the Map, Books, and all the original Lists of property given to him to the Clerk of the Board of County Commissioners. That the Board of County Commissioners will meet on

Monday, September 19, 1881, As a Board of Equalization, and will hear and determine all complaints made in regard to the assessed value of any property within said county, and will change and correct any valuation, either by adding thereto or deducting therefrom, if they deem the sum fixed in the Assessment Roll either to be too low or too high; whether said sum was fixed by the owner or Assessor, except that in case where the person complaining of the assessment has refused to give the Assessor his list under oath, as required by law in such cases, no reduction will be made by the Board of Equalization in the assessment made by the Assessor.

The Assessment Roll will be kept open for public inspection at the County Clerk's office until after the adjournment of the Board of Equalization. The Board of Equalization will continue in session from time to time until the business of equalization is disposed of. But said Board will not sit after the first Monday in October, 1881, except that the Board of Equalization will meet to equalize the Assessment Roll and hear complaints in exceptional cases mentioned in the Revenue Law, in Section 15.

## THE PRESIDENT.

Special advice received by the GAZETTE to-day indicate that another crisis in the President's case has been reached. If there is to be another prostration and relapse, the end is near. But yesterday and we felt, in common with our readers, that all was well. To-day the slight hope is snatched away, and we are thrown back into the dark night of uncertainty and fear. That the days of assured hope will soon dawn, is our earnest wish.

## EDITORIAL NOTES.

At Long Branch, before he was shot, the President happened to say: "Now, is it not strange, and is it not a striking commentary on the protection and security afforded by free institutions, that the President of the United States can go about in this way, practically unattended and without a body-guard, and without the paraphernalia that encompasses other rulers? I am as secure traveling this way as any citizen of the country."

Appropos of the recent spiritual wave which broke upon Reno, it is well to say that such humbugging is about played out. The Fay-Bradson combination did not fulfill their promises, and the Comstock and Carson people sat upon them. In San Francisco recently two spiritualistic mediums were arrested and fined \$200 each for a similar offense. Beware, frauds.

The Carson Appeal is getting entirely too pungent when it calls Mr. stable a temple of ammonia.

The London Standard, in an article on Yorktown, says it is only the young nations that celebrate their birthdays.

## SUGGESTIONS IN TIME.

### WHAT A WOMAN OF PROMINENCE IN THE MEDICAL WORLD HAS TO SAY ABOUT HER SEX.

Synopsis of a Lecture Delivered by Mrs. Doctor Keaton, Before the Woman's Society of New England.

Home Journal, New York.

In all ages of the world, poets, scientists and men of prominence have looked with enthusiasm often akin to reverence upon woman; but it is only within the last few years that she has begun to assume her right place, not only in society, but with the world in general. Why so desirable an end should have been so long delayed it is difficult to understand; but that it has at last come is certainly cause for gratitude. In her social sphere, in her mental development, and especially in her physical improvement, woman has shown wonderful advancement and such as astonishes the world.

They who have made a careful investigation tell us that heathen women are much more able to endure pain than are the women of civilization; but civilized women would resent the charge that they are weaker because they are civilized. A distinguished writer says: "If the women of civilization are less able to endure the taxation of their physical resources than are heathen women, it is a mere accidental circumstance, and one within their control."

Let us consider for a moment the possibilities which present themselves to every woman. When the body is healthy, beauty is certain to appear, even in features and forms once plain; indeed it is the only known way to become beautiful, and all other preparations, powders, stays and laces are contemptible delusions. With health and beauty in all their attractiveness a new life dawns.

### ENJOYMENT BEGINS

And all the luxurious attendants of a healthy body come forth. The maiden feels the glorious possibilities of life; the mother becomes conscious of the grandeur of maternity and the joys of a family. All this is not only woman's privilege—it is her duty, and it embodies the highest definition of "woman's rights."

After enumerating many of the blessings that follow perfect health, the speaker continued:

All these desirable things can be accomplished, but in one way only. The Creator has given both woman and man perfect physical forms, and each is constitutionally equal to all natural demands. It is a mistaken and pernicious notion that one is strong and the other weak. No curse was pronounced upon woman which did not apply with equal penalty against man. If women believe the fatalism that disease is a necessary condition of their existence, it is chiefly because the disciples of the schools of medical practice have been utterly incapable of competing with the multitude of ills, which, by personal carelessness or professional incompetency, they have permitted to fasten upon women.

A few weeks ago I received a call from a charming lady, whose earnest face clearly showed that she desired advice and assistance. Upon questioning her, she stated that she believed she was suffering from a paralyzed liver, and wished to know if I could in any way aid her recovery. Now imperfect as her statement was in regard to the disease which troubled her, there is no doubt that

### THOUSANDS OF WOMEN

are suffering to-day, from similar troubles, who do not recognize their cause so nearly as this lady did. Paralysis means death of the members paralyzed, and torpidity of the liver is the first stage of its dissolution. This is one of the most serious questions that arise in the experience of any woman; for a torpid and diseased liver cannot be cured at once, and it carries with it the elements of disease to all parts of the system. With an imperfect liver, biliousness, languor, a sense of bearing down, constipation, displacements, uterine troubles and the thousands of ills which are coupled in their train come thick and fast. Then follow impure blood and all the evils which an imperfect circulation cause. A derangement of the kidneys or the liver causes disease in the organs which adjoin them just as certainly as a bad peach injures the other peaches in the basket. Not only this, but when these organs are in a healthy state, they restore and keep in order any irregularity which may occur in the lower portion of the body. No woman was ever seriously sick for any length of time when such was the case. No serious inflammation can occur when the blood is pure, and no blood can be impure when the liver or kidneys are in perfect order.

I have seen very much of the troubles and ills to which women have been subjected, and I have learned to sympathize while I have sought to relieve. In endeavoring to carry relief I have tried to be free from prejudice and have in view but one end, namely

—to help those who are suffering; and I feel it is my privilege to-day to state that I believe there is a means whereby those women who are suffering can obtain complete relief, and those who are in health be continued in its enjoyment. A few years ago a prominent and wealthy gentleman residing in Rochester, N. Y., was given up to die of Bright's disease of the kidneys. By means of a simple and purely vegetable remedy he was restored to perfect health, and has since been the means of saving the lives of many others. So efficient did

### HIS DISCOVERY

prove in the case of many well-known men, that it began also to be used by ladies, and to-day thousands of women, in all parts of the land, owe their restored health and continued happiness to the wonderful power of Warner's Safe Kidney and Liver Cure. Mr. Warner has the written testimony of hundreds of the best ladies in the land, enthusiastically praising the remedy, and thankfully expressing their gratitude for health. These letters are sacred and cannot be given to the public, but they overwhelmingly verify all the facts above stated. Nature has given woman a delicate, watchful, alert instinct, and she has found this remedy to be what her sex for years has needed, to restore and maintain the perfection of nature. She resents the imputation that she is bound to suffer all the ills that attack her. She recognizes that suffering is but an incident of her existence, and that this incident is wholly within her control, if she can find the necessary helps which nature provided. The changeable character of our climate, the oftentimes exacting and enervating customs of society, of fashion and of necessity, all conspire to impair the vitality of women. If we add to these the exhausting duties of motherhood, and the mental anxiety for the success of her husband in all his laudable ambitions, which play upon her energies, it is surprising that thus burdened she should break down under the physical strain! By no means—on the contrary the wonder is that she has maintained her physical strength as she has.

I have not the time to elaborate this point. You yourselves very well know what the circumstances are which have rendered her life a burden. You also know that the

### PRIMARY CAUSE

of physical degeneration is impure blood. The performance of the natural functions of womanhood and motherhood is not a disease, nor should it be so treated. Disease is the result of the transgression of physical laws by our ancestors or by ourselves, and the natural coursings of the blood should not be considered. If, however, the blood be impure, it is certain to produce its poisonous effects in the parts with which it comes in contact, and thus cause inflammations and the innumerable ills that make the physical life of woman so hard to endure.

An enumeration of the troubles to which woman is subjected, and the adaptability of the remedy above named for their cure was then made by the speaker, who continued:

I am aware a prejudice exists against proprietary medicines, and that such prejudice is too often well founded, but we should discriminate in our judgments and not condemn all because some are inefficient. The merits of Warner's Safe Kidney and Liver Cure have been proven beyond a doubt, because they deal directly with the causes of all female troubles; they affect and control the body of the tree rather than its branches. Warner's Safe Kidney and Liver Cure has indeed been a blessing for the rich; a boon to the poor. It has lifted men from a bed of death and restored them to vigor and health. But greater and better than all this, it has come to woman, has raised her, restored her and kept her in constant hopefulness and health. It has kept back disease by fitting the system to resist its attacks; it has regulated the life, purified the sources of life, and brought innumerable blessings out of numberless woes.

The women of America, both young and old, have greater opportunities to-day than those of any land in any age. Their rights are more fully recognized, their privileges greater and their possibilities unlimited. They are permitted to enjoy life to its fullest extent, and to do this their bodies must be unimpaired. I congratulate the women of this free land that the keenness of their perceptions has led them to discover their necessities and what will satisfy them. I congratulate them that they who have reaped the greatest benefits from the scientific researches of independent investigation, are to-day the most enthusiastic proclaimers of the merits of this great remedy of which I have spoken. The spirit of intolerance, I may say in conclusion, so rampant in this age of free investigation when all things are judged by what they are and not by what they seem, must eventually give way to the better, wiser, nobler liberality in which alone can be found true security, true peace, true health and true happiness.

If there is anything in a name, they ought to be first-class. Anyone wishing a good smoke will know where to go to get it, and Meyers' won't disappoint them.

## ALONG THE LAKE.

What the People North of Here are Doing.

The Fort Bidwell stage taking the cut off back of Deep Wells half a mile leaves Widow Carroll out in the cold. C. O. Francisco is keeping the Cox house at the Junction of the Pyramid and Winnemucca Valley road. Mr. Bonham has gone to Smoke Creek Station.

Eugene Wood has made an improvement in the road around the canyon from Warm Spring Valley to Pyramid City. He goes behind the bluff of rocks at the end of the last point that runs out and cuts off half a mile. It is a good hard road while the old one gets very bad in winter.

There is very little fishing this season. Doc Woods catches a few for his own use. Tom Rogers, of savory memory is employed by the Depot Hotel and Maston by the Arcade Hotel. They are camped at High Rock, four miles south of Doc Woods. They send in over a hundred pounds a day. No other white men are fishing at all.

Watson has abandoned his beautiful grove and all his buildings have disappeared. He was ordered off the reservation by the U. S. authorities. It is a shame in a country with so little farming land to prevent a man from making a home where he can on islands.

Ex-Detective, O. T. Brown, is driving from Pyramid to Salt Marsh, about 60 miles. It is one of the grandest drives in the world, for 80 miles. The road is on the shores of Pyramid Lake. He says he has never had the slightest accident, not even to break a tongue out of a buckle. Truly a proud record.

There are large beds of diatoms at the north end of Pyramid Lake.

There is hardly a drop of water running into the Lake, except what comes from the Truckee, and that is a very little. Whitehorse creek is entirely dry below the ranch, so are Symons and Doc Woods creeks, none at all is coming in from Winnemucca valley, no streams come in from the east side. The divide between Pyramid and Mud Lakes is high, narrow and dry.

Pyramid seems to be getting lower and lower, and that is the testimony of old settlers. There is a margin of thirty or forty feet along the shore that has ten annular rings where the waves have heaped up pebbles that show that the lake has fallen ten feet in as many years. It gathers up a little every winter, but loses all the gain and more in the summer. The high water mark comes up to the regular growth of sage brush, and the absence of marks show that it was the shore line for a very long time. The stage horses are beginning to drink lake water. At first they would not touch it because it is salt and brackish, but they soon come to like it. They suffer no bad effects from it at all. The drivers carry drinking water in a jug to Mullens and back, one hundred and twenty-five miles.

### The Austin Fire.

At the Austin fire yesterday the following buildings were destroyed: Price & Read's variety store, the Post-office. Games' barber shop, Preuss' tailor shop, John Dolan's grocery store, F. Vonnordeck's drug store, Crane's watchmaking shop, Robert P. Hols' barber shop, Martin Borgon's tailor shop, Sauer & Co.'s saloon, Masonic and Odd Fellows' brick building, Triplett & Clark's saloon, William Ohngemar's saddler shop, Mike Keough's livery stable, Bray's butcher shop, Weller's photograph gallery and Henry King's carpenter shop and dwelling house. It is impossible to get at individual losses, but the entire loss cannot fall short of \$100,000 and may exceed that amount.

### An Opium Den Dragged.

The following property has been found and taken from Reno's opium den, by Constable Avery. The articles are supposed to have been stolen and the owners can have their property by identifying and paying charges: I X L No. 4 pistol. W on the handle.  
One Range pistol, No. 3.  
One single barrel pistol.  
One comforter.  
One black overcoat, gray lining.  
The Chinamen of every small town are the most active receivers of stolen goods, and it is important that the thieves shall be identified and punished. Come forward and get your property.

## PERSONAL.

Thomas Freehill, Virginia, is in the City.

Col. Moore is expected to arrive in the morning.

Gus Lewis came up from the Bay this morning.

W. E. Price, Franktown, was on the street to-day.

C. S. Varian, Esq., went to Winnemucca this morning.

W. E. F. Deal, Esq., Asylum Commissioner is in town.

J. R. Shaw, Lyon county Commissioner, was in Reno last evening.

W. D. Epperson, Teals Marsh, and T. W. Longley, Winnemucca valley, are at the Arcade.

E. A. Weed and wife, Greenville, are in the city. They are making their way to San Francisco in a carriage by easy stages.

Jas. W. Orndorff and wife, from Leadville and Virginia, tarried last night at the Depot, and went to the Comstock this morning.

Mrs. Allen C. Bragg leaves to-night for an extended visit to friends and relatives in California, accompanied by her sister, Miss Lizzie Rhodes of Woodland, who has been spending the past two months in angeland.

### A Mysterious Man.

Judge Borman, of Verdi, started with his team the other day for Dog Valley. When near the old Bowers station, a favorite resort for highway-men, he met a man who wanted work. Borman said "certainly, I will help you; get in and ride over to the mill." "No I don't want any of that. Where's Verdi?"

The Judge informed him, and the needy traveler proceeded. Subsequent investigation showed that the stranger changed his dress, completely disguising himself, before reaching Verdi. He visited the burg, bought some provisions and skipped. Borman looked for him, believing that he had one of the train ditchers.

### Saturday's Sale.

The lightning clearance sale, which has been in progress at F. Levy & Bro. for the past four days, was highly successful. A great part of the immense stock has been disposed of and prices which have been very profitable to purchasers. The sale has, however, left in the store a large lot of remnants varying from three to twelve yards, all in desirable lines of goods. These will be disposed of at any price. The remnant sale will be held to-morrow, Saturday, and will last one day only. Levy's clearance sale has been a success, and the ladies will do well to be present when the remnants are sacrificed to-morrow.

### Strike While the Iron is Hot.

Look to your interest and pay S. Peyser a visit while his sale is going on. You can buy more goods for less money of S. Peyser than from any merchant west of the Rocky Mountains. His goods are of the best quality and latest styles. He is determined to reduce his stock before going below, and you can rest assured that you are getting a good bargain, when you do your trading at the Mechanic Store.

### A Thriving Institution.

Reno merchants have all done well in the usual Fall clearance sales, but S. Peyser, at the Mechanics' Store, is having even more success than the average. His goods are all marked down to bedrock prices, and as they were but recently put on the shelves they are of the latest styles and patterns. Go to the Mechanics' Store and take advantage of the sacrifice while it lasts.

### The Reason.

It seems strange to a visitor that the Abrahams Brothers should talk of a new stock. Their store is already filled to overflowing with every description of clothing and gents' furnishing goods. The fact is that they are preparing for a stock which will eclipse everything heretofore offered in Nevada. Their sales are steadily increasing and everybody goes away satisfied. No old goods kept in stock.

### Reform Club.

## BY TELEGRAPH.

### Morning Official Bulletin.

Special to the GAZETTE.

ELBERON, N. J., Sept. 16.  
At the examination of the President at 8:30 this morning, his temperature was 96.6, pulse 104, respiration 21. The febrile rise during the night was not as pronounced as it usually is. There was at times considerable acceleration of the pulse. He, however, slept comparatively well, and took stimulants and nourishment as directed. The cough was somewhat more troublesome during the first part of the night, and the expectation was rather more purulent. The discharge from the wound is less abundant, and not quite as healthy in appearance. The pulse has more volume and his general condition does not seem to have materially changed in any respect. Signed: Bliss and HAMILTON.

### Another Crisis at Hand.

[Special to the GAZETTE.]

New York, September 16.  
All specials from Long Branch received here are of a gloomy character, and express the belief that another crisis in the President's case is near at hand.

### The President Very Weak.

Special to the Gazette.

LONG BRANCH, Sept. 16.  
The 12 o'clock bulletin shows a change. The President is still very weak and bed-sores have appeared again. Much anxiety is felt as to whether he can overcome the results of this extreme debility. His cough was more troublesome last night.

### Nevada Conference.

### An Elegant Prize.

In the window of C. A. Loomis's dry goods store may be seen the elegant silk dress pattern which is offered as the first prize in the ladies' tournament. The store is full of first class goods and more are coming daily. The writer can not mention all of the articles because he does not know what the names may be, but it is safe to say that any lady can have her orders filled at Loomis's popular emporium.

### Bonnets and Ribbons.

Miss Harney goes to San Francisco to-morrow night when she will open the finest stock of millinery goods ever brought to this market. She received a case of the latest styles of hats, bonnets and trimming from the east this morning. Give Miss Harney a call.

His Coppers Were Hot.

"Gimme some ice," said a bacchanal at breakfast this morning. "And," he added, confidentially pulling the steward's apron, "if you have anything that is colder than ice please bring it."

**Fighting Talk.**

Boys will doubtless watch the papers now for details of a desperate fight between the mighty hunters, Buffalo Bill and Wild Harry, but they will watch in vain. To be sure, Bill calls Harry a fraud and a liar, and there will be no fight. The Buffalo Bills and the Wild Harrys have always been peaceable citizens. They are by no means such terrible fellows in reality as they are in dime novels or on the boards.

**Congratulatory.**

We take much pleasure in congratulating our enterprising druggist, Messrs. Osburn & Shoemaker, upon having secured the cure for Shiloh's Catarrh Remedy. We call particular attention to the Eucalyptus Plaster, which is taking the lead of all others. The Yosemite Cologues has already become a household word, and all the ladies recommend the Face Powder.

If you want to save money, go to J. Fredrick and buy your watches and jewelry, where there is no advantage taken.

John F. Myers' Drug Store has removed to Virginia street next to Barnett's.

**SHILOH'S CATARRH REMEDY.** A marvelous cure for Catarrh, Diphtheria, Canker mouth, and Hoarseness. With each bottle there is an ingenious nasal injector for the more successful treatment of these complaints without extra charge. Price 50 cts. For sale by Osburn & Shoemaker, Druggists, Reno.

**A Tameful Lie.**

At an evening party a lady was called upon for a song, and began, "I'll strike again my tamerful lyre." Her husband was observed to dodge suddenly and start hurriedly from the room, remarking: "Not if I knew it, she won't. She belts blue blazes out of me at home, and I stand it like a man, but when she threatens to hit me in a strange house, and calls me a liar before a whole crowd, I'll run as long as I have got a spark of manhood left."

**BIRD CAGES.** A fine lot just received at Osburn & Shoemaker's. Call and see how cheap you can buy them.

**How to Get Sick.**

Expose yourself day and night; eat too much without exercise; work too hard without rest; doctor all the time; take all the nostrums advertised; and then you will want to know

**How to Get Well.**

Which is answered in three words—Take Hop Bitters! See another column.

M. J. Stinson, Teacher of the Piano and Voice Culture. Pianos tuned and repaired. Orders left at E. A. Allen's store will receive prompt attention. May be consulted or addressed at the residence of Rev. Dr. Scott Lake's Mansion.

All washes and jewelry repaired or made to order. It is guaranteed as represented, at J. Fredrick's.

During the Holidays, when people exchange social greetings, conviviality is promoted by a glass of "Hub Punch." This admirably prepared substitute for a punch, brewed in Germany, is delicious either hot or cold, with lemonade or milk. Replenish your sideboards with it.

Sold by all grocers, wine merchants and druggists. Trade supplied by Richards & Harrison, Agents for Pacific coast, San Francisco.

**Oh, What a Cough!**

Will you heed the warning. The signal perhaps of the sure approach of that most terrible disease Consumption. Ask yourselves if you can afford the risk of saving to others, to run the risk and do nothing for it. We know from experience that Shiloh's cure will cure your cough, never fails. This explains why more than a Million Bottles were sold the past year. It relieves cough, and whooping cough at once. Mothers do not be without it. For lame back, side, or chest, use Shiloh's Porous Plaster. Sold by Osburn & Shoemaker, drug gists, Reno, Nevada.
